## **Current Activities**

In March an online C Coach Feedback Form was prepared and submitted to more than 150 of our C Coaches. The form included a number of questions such as will they be coaching next season, the division of their players and I also asked them very general questions about the referees, coach development, player development and ice scheduling.

The above Feedback Form asked for coaches interested in joining a C Coach Committed. I hope to form a committee in the coming months.
